Program Guide

About the Program
Project SEARCH at Banner University Medical Center Tucson Campus is an unpaid internship program that trains young adults who have graduated from (or aged out of) high school, who have a significant disability, and who are committed to seeking competitive employment in the community. This eleven-month employment training program model features total immersion in a business setting in which interns complete a series of four rotations (10 weeks) in various departments within a host business. It also includes instructional time for reinforcement of employment skills and career exploration opportunities — all while providing on-site job coaching and accommodations design, as needed, to support the goal of independence.

Interns participate in the program as recipients of services through the Rehabilitation Services Administration/Vocational Rehabilitation. Staffing for the program is provided by SAGE/Easter Seals Blake Foundation (ESBF).

Host business is Banner University Medical Center Tucson Campus at 1501 N. Campbell Avenue, Tucson, Arizona.

Program capacity is 10 interns per program year.

Potential rotations include the following departments: housekeeping/environmental services, kitchen/café (dishwasher, food prep, bullet runner), culinary & nutrition tray line, inpatient pharmacy, nursing units (9), materials management/decontamination, facilities management, sterile processing, patient transport, Pivirotto wellness center, emergency room.

The daily schedule is uses the following format:

- interns arrive at the hospital at 8:45 a.m.
- classroom instruction time is from 9:00 a.m. to 10:00 a.m.
- morning rotation is from 10:00 a.m. to 12:00 p.m.
- lunch is from 12:00 p.m. to 12:30 p.m.
- afternoon rotation is from 12:30 p.m. to 3:15 p.m.
- end of the day reflection is from 3:15 p.m. to 4:00 p.m.

Participant Selection and Eligibility Criteria
To be eligible to participate in Project Search at Banner UMC Tucson, a prospective intern must:

- be between 18 to 28 years of age and have already exited high school;
- be eligible for Vocational Rehabilitation services and approved for participation by their VR counselor;
- have a strong desire and commitment to work competitively at the end of the program;
- have a goal to work at least 20 hours per week after program completion;
- have the ability to meet host business clearance requirements;
- commit to 100% attendance;
- be willing to utilize and train for public transportation to access Project Search and future competitive employment (Note, program does not provide or coordinate transportation.);
- be able to maintain appropriate behavior, hygiene, and social skills in the workplace without immediate supervision (Interns are supported in their rotations by an instructor, job coaches, and mentors; however, the expectation is that support fades as interns gain skills and confidence within a rotation. A young adult requiring one-on-one supervision would not be a candidate for this program.);
- be able to communicate effectively (may be other than verbal) and take direction from a supervisor; and
• have a significant barrier to competitive employment (This program serves individuals with a range of abilities. Selection is not based on an education label or diagnosis. Rather, the selection committee endeavors to develop a cohort that is diverse in its abilities and other traits such as ethnicity, gender, cultural background, and the like.).

The goal of this process is to select applicants who are likely to be successful in the program at the end of which they will have the training, experience, and skills to necessary to become competitively employed.
