VOLUNTEERS NEEDED!

Research Study on Person-Centered Home & Community-Based Services Outcome Measures

National Field Study

People with a disability who use Home and Community-Based Services in Arizona may be eligible for a study that could improve the quality of Home and Community-Based Services that are currently received.

**Participants will receive a \$10 gift card
for each completed interview**

You May Qualify If You

- Are 18 years and older
- Are living with a disability
- Receive Home and Community-Based Services through a provider in Arizona

Participation involves

- Completing some measures via a HIPAA compliant Zoom meeting interview or in person at three separate times, approximately 4-6 months apart
- Each interview is approximately 60-90 minutes

Potential Benefits

Participating in this study may improve the quality of Home and Community-Based Services that people with disabilities receive.
